==
~ for invoice cancel
File : invoicec_model.php
Line : 514
Modify

```php
public function cancel_invoice()
    {
        $order_invoice_id = $this->view['token'];

        // revert inventory
        $this->db->where('order_invoice_id',
$order_invoice_id)->delete(INVENTORY_LOTS);

        // SO status deleted
        $this->db->where('id',
$order_invoice_id)->update(ORDER_INVOICED, ['isDeleted' => '1']);

        return 1;
    }
```
